

Boudouin Fuh Suh

Full Stack Web Developer

Profile

Enthusiastic Full Stack Web Developer with 2 years' expertise in HTML, CSS, JavaScript, ReactJs, NodeJs, NextJs. AWS Certified Solutions Architect, adept in DevOps (Docker, K8s, Jenkins, Terraform) and Google Cloud.

Employment History

Full Stack web developer at TUTORS Finland Oy, Helsinki

June 2023 — Present

- Successfully assumed the role of project lead for three distinct projects, steering them towards optimized results.
- Spearheaded the creation of a cutting-edge web application featuring a modern, responsive user interface, resulting in a notable increase in user satisfaction.
- Led collaborative efforts with fellow developers to ensure uniformity in code quality and strict adherence to industry best practices.
- Pioneered the implementation of a robust Continuous Integration/Continuous Deployment (CI/CD) pipeline, significantly reducing time-to-deployment and enhancing overall project efficiency.
- Developed and implemented automated testing procedures, contributing to improved code quality and a substantial reduction in production defects.

Internships

Back-end developer at EXOVE Oy, Helsinki

March 2023 — May 2023

- Played a key role in a comprehensive HR management system project, showcasing active involvement and dedication.
- Developed a secure authentication system that met industry standards for data protection and privacy.
- Developed a RESTful API used by the frontend developers
- Optimized database queries to improve application performance and reduce response times.
